**TO WHOM IT MAY CONCERN:**

Please find this letter of strong endorsement for Gallegos Corporation. Being involved in the construction industry, I wish there were more reasons to write such letters for builders and subcontractors. However, full satisfaction with your construction team is somewhat rare. Therefore, finding the right team player, I feel obligated to share the information.

My firm and I have worked with Gallegos Corporation on several hospitality and multi-family residential projects. We have a relationship with Gallegos Corporation spanning more than ten years. Couple examples of shared projects are Sheraton's Mountain Vista (\$ 36,000,000 Phase A, B); Westin Riverfront Resort (\$31,000,000 Phase 1) – completed last month. Gallegos Corporation was in charge of exterior finish on said projects. Building skin consisted of natural stone veneer and plaster. Stone installation details ranged from ashlar set in mortar bed to dry-stacked dimensional stone with cleft surface installed over masonry drainage board. Various cut stone specialties and intricate drainage details were required for successful completion of the building.

I am pleased to report that Gallegos Corporation handled complicated high-rise projects very well. Being a team player, they provided design assistance to us; budget guidance and optimization to the owner; on-time, on-budget service to the general contractor. Furthermore, quality of the exterior skin harks back to the time when craftsman were commonplace at the construction site.

My strong belief is that Gallegos Corporation will prove to be an asset to any project requiring high-quality stone or stucco exterior finish. I will be glad to provide more information or answer more questions. Do not hesitate to contact us at 1580 Lincoln Street, Suite 200, Denver, CO 80203 or call us at (303) 327-4600. My e-mail address is *aleksandr @ osarchitectre.com*.

Sincerely,

*Studio Obermeier Sheykhet Architecture*
