

Birthdays, Anniversaries, Company Updates

Welcome Aboard Jerry Friesen

Jerry Friesen recently joined the Estimating Department. He is currently working in Wolcott, but will transition to Aspen this fall. Jerry is a long time local and will be a great asset to the Gallegos Corporation. Welcome, Jerry!

Winner for February

Congratulations to Rosalie Marquez, she was the G3 winner for February. She was nominated multiple times over the past year, most recently by Mike Haller. Mike nominated for her based on her outgoing, welcoming approach in payroll. He also noted her thoroughness in providing on-time paychecks to all employees. Congratulations!

Birthdays

April

04-02 Michael Jaques (10),
Abraham Rodriguez (60)
04-05 Eric Gurule (20)
04-10 Ramiro Martinez (60)
04-11 Leverne McLean (60),
JC Slocum (60)
04-12 Timothy Fenton (21)
Martin Cano Campos (40)
04-13 Joseph Kleber (20)
04-16 Daniel Schuster (21)
04-24 Presley Little (40)
04-26 Suzanne Gallegos (10),
Michael Morrissey (60)
04-27 Daryl Woodworth (20),
James Bingaman (21)
04-28 Juan Garcia Hernandez (21)

May

05-05 Anthony Williams (60)
05-06 Jonathan Bux (60)
05-07 Greg Olmstead (20)
Tyler Lautaimi (60)
05-10 James DiLucchio (60)
Luis Duran (60)
05-12 Seth Cole (10)
05-14 Richard Mason (60)
05-19 Fernando Cuevas (60)
Juan Vazquez (60)
05-22 Tom Derry (60),
Fred Soderberg (60)
05-23 Rosie Landeros (10)
05-24 Sheryl Gallegos (10)
05-25 Antonio Rodriguez (60)
05-29 David Little (10)
05-30 Raul Santillan Barragan (60)

Mark your Calendars!

The 14th Annual Highway Clean-up is April 26. Once again we are assigned two miles of I-70 by the Wolcott office. Please contact Angie Suntken in HR with any additional questions.

Congratulations Frank Gutierrez

Frank and Berniece became grandparents to Annalise Marie on February 12th. She is the first child born to parents, Jayson and Amanda. Congratulations to the whole family!

Congratulations Jason Wiethoff

On Monday 12/30/13 Jason's son and his wife welcomed into the world twin boys. Liam J. Wiethoff and Wyatt J. Wiethoff were born at Valley View hospital in Glenwood Springs.

Weighing in at 3 ¾ lbs. each, they were transferred to a hospital in Grand Junction for observation. They are home now and doing well.

They are pictured with their older sister, Addison.

Anniversaries

One Year

Fernando Castillo (20), James Davis, Jr. (60), Fabian Cano Hermosillo (20)
Marcus Martinez (20), Ricardo Lara-Godoy (60), Jose De Loera (20)
Francisco Ruiz Meza (60)

Volume XIII, Issue II

April 2014

Upcoming Schedule

Planning for TGC's summer and fall jobs is in full swing. We have many projects lined up and in place and the plans for more work seem to be pouring into the office each day.

In Vail, the focus of the Wyndham project will switch from concrete to stone and stucco with a need for 20-25 crew members on site each day through August. Potato Patch Club will require a stucco crew of 12 and a masonry crew of 4-6 and will run for the entire summer. Mill Creek Circle Residence will keep both masons and marble & granite installers very busy with an intended completion date of September 1. The Ford Amphitheatre project will require a large push in manpower in order to finish by April 15, while further work at Ford Park will begin shortly after the Amphitheatre work is complete. The Sheraton in Steamboat will get re-started in April and we just received the contract on work at the I-70 interchange in Eagle. Our concrete crews will also be doing work in Keystone on a project to improve the functionality of the lake. As the ski mountains close, many of these projects are looking to get started right away.

Aspen is projecting a busy spring, with many of their jobs scheduled to start in the end of April to the beginning of May including: Aspen Valley Hospital Masonry, Aspen Park Redesign, Meadowbarn Ranch, Frying Pan Canyon Ranch, Morgan Residence and Wells Residence. Aspen is planning on starting North Pine House, Charlie Mountain, and Block 99, 623 E. Hopkins Ave over the summer and they will continue through fall.

In Denver, this summer is projected to be a busy one. Masonry and Plaster work will continue at the Cosmopolitan Club into summer. The Art Hotel is projected to average a crew of 28 between plaster and masonry and will run from the beginning of May through Mid July. Starting in June our masonry crews will busy with Holy Trinity House and Tazi Ranch. 88 Steele Creek will be another large job, especially for masonry crews. TGC recently signed a contract for work at Denver International Airport. At some points throughout the summer, Denver will need approximately 190 crew members.

One of TGC's strengths is our ability to spread available manpower to meet our projects' needs. We recently accomplished this at The Rivergate Lofts in Durango. TGC has twenty crew members from D21 and D60 successfully working together to complete this project. We have been able to solve staffing challenges in-house rather than passing on jobs or resorting to other sub-contractors. This summer we will be looking to meet different staffing needs in all areas by creating more multi-divisional projects. If you are interested in helping out and being available to work in a different area, please let your supervisor know. Our H2B workers will be ready to work on May 19, and we'll likely need to be adding even more staff in order to meet the demands that the market is now presenting. TGC offers an incentive program for referrals. If you recommend a candidate and they are hired you receive \$50. If the candidate you recommend stays for 6 months you will receive an additional \$200.

Gallegos

Building Solutions
for Distinctive Projects

The Gallegos Corporation's Mission

Lead our industry by creating value for our customers, employees, and communities through safe, quality construction of the highest professional standard.

Wrapping up the Rivergate Lofts in Durango

The Rivergate Lofts in Durango will be wrapping up soon. TGC has been working on this project for over a year with great success. The success of this project is directly related to James Dilucchio and the entire crew's hard work, effort and ability to adapt to changes.

James said "Durango has been a challenging job with a lot of unforeseen obstacles that we overcame. I am very proud and thankful to all the workers that have come down to Durango. With all their hard work and professionalism, they are the ones who have made this job possible to complete with outstanding quality. This was a great learning opportunity for everyone."

The crew in Durango dealt with a complex and convoluted schedule. To keep productivity moving forward everyone was cross trained on all the processes involved including: Scaffolding, Demo, Lath, Stucco Install, and Masonry Install. Everyone improved their own professional skills while gaining knowledge in areas that were new to them. Throughout the entire construction lifecycle of this project all Commercial and Residential Units were occupied creating another challenge.

JC Slocum said "We are very appreciative for all of the hard work the crews have put into this project. We understand how difficult it is for our employees to be away from their families and appreciate their commitment to the Gallegos Corporation and this project. This project has run smoothly thanks to the efforts of the entire crew in Durango. We would also like to thank the Vail and Aspen offices for their support with manpower and experience throughout the duration of this project. We will be wrapping up this project in the next couple months and look forward to getting all of our employees back to their homes soon. A sincere thank you to all involved with the Rivergate Lofts project."

Fastest Builder

Once again a team of Gallegos employees competed in the Eagle Valley Home-builder Association's Fastest Builder Competition. This year Shannon Gallegos,

Chris Bystrom, Paul Siemonsma, Jerry Friesen, and Mike Woods competed on the Gallegos Corporation's team. Chris Bystrom was the fastest skier of the group with a time of 28.2. The Gallegos crew had a great day networking on the mountain.

Continuing Education

In February Jim Davis (60) attended Telescopic Swing Tab Crane Link Belt training in Arizona through Liberty Crane and Rigging Consultants, LLC. Through this intensive training and testing, Jim is certified to operate any swing cab with telescopic boom and fixed cab crane.

Ray Santillan and Mike Hawley attended Leadership Through Influence, a multi-day seminar and workshop in Fort Collins. Both said it was a great training and very informative. The course focused on improving personal leadership skills as well as working within a team to achieve specific goals.

Gallegos in the Community

The International cast from Up With People poses with the Gallegos banner at their recent show at Eagle Valley High School. Up With People raised almost \$2,000 for the Youth Foundation. The cast also visited seniors at Golden Eagle Senior Center, helped with construction on a Habitat for Humanity house, and taught local elementary and middle schools students about different cultures.

Suzanne Gallegos, Marcette Gordon and Kyle Woodworth participated in the Kruger Family VRD Shamrock Shuffle presented by The Gallegos Corporation. Kyle finished 4th in the kids shuffle!

Suzanne Gallegos, Linda Giordano, and Elisse Kelley read to students at Edwards Elementary during Read Across America Day on Dr. Seuss's Birthday.

Mike Haller and Linda Giordano attended the Battle Mountain Career Fair. This was a great opportunity to inform local Eagle Valley High School and Battle Mountain High School students about our Apprenticeship Program as well as current employment opportunities at TGC.

Randy Olin volunteered through Junior Achievement to teach financial literacy to fifth graders at Brush Creek Elementary School. JA is a national organization that fosters a partnership between the business community and teachers and has programs for Kindergarten—12th grade.

The Gallegos Corporation was happy to help out the Eagle Valley High School Devil's track team with their tent. Several Gallegos employees have children on the track team.
