

Landscape Project of The Year & Unique Use of Concrete

The Denver Residence landscaping package includes a wide range of stone materials from around the world that had to be installed to exact performance standards. The Gallegos Corporation installed hand carved Golden Granite from China at the arrival court fountains. Carved Mountain Green Granite from Minnesota makes up the spectacular cascade fountain that is only one of three like it in the world. Pawnee Buff and Colorado Rose sandstone cover all of the residences flatwork and Zen patios laid in ornamental patterns. Cottonwood Limestone from Kansas form the very detailed entrance monument into the property. The source of the fountain is a hand carved Amber Gold and Mountain Green font from Cold Springs Granite that feeds the upper most source fountain pool. There are three collection pools and chadars along the way that are made up of flamed green granite. The final element in the cascade fountain was the collection pool and waterfall. The waterfall was created using a carved Mountain Green chadar and large Mountain Green panels with raised half round ribs every 6" that the water could boil over on it's way to the collection pool. One of the more challenging aspects of this final waterfall is that there were to be two different water flow settings to be employed. The first setting allowed the water to flow over the chadar and down the ribbed panels spilling into the collection pool. The second setting allowed for increased flow and actually forced the water over the chadar with so much volume that

it creates a perfect sheet of water that torrents into the pool below. The arrival court fountain was hand carved by artisans in China prior to shipment to the project. The fountain consists of hand carved treads and risers, a large very detailed plinth fountain riser, carved top cap and carved source fountain.

This installation was very demanding as well, as our working tolerances for joints was 1/8" inch.

The arrival court paving was a mixture of Golden granite with a hand hammered Pineapple finish and flame treated Mountain Green granite. The Golden granite made up an intricate spoke type pattern that was infilled with the Mountain Green granite pavers. Meticulous installation techniques were employed to make sure the intricate pattern was executed perfectly. The beauty and varying materials used on this project are only rivaled by the level of detail that went into the installation of those materials. The end product is a breathtakingly beautiful site package that amazes all who enter this project. From entering the Cottonwood limestone entry monuments, continuing on to the hand carved Chinese Golden Granite arrival court and fountain, looking up to the Mountain Green granite cascade fountain, and finally entering the house on formal Pawnee sandstone walkways and patios. Thank you to the Foremen Zac Quinones & Fernando Velasco.

Congratulations!

A big congratulations goes out to Mariah Dermody, Bill Dermody's (Div 32) daughter, for qualifying for the Little Britches National Finals in Barrel Racing. The finals will be held in Pueblo, CO. Good Luck Mariah!

Summer Picnics

Each Gallegos location will be holding their own summer picnics this year. Talk to your division president to find out where yours will be.

Vail's picnic will be held Friday, September 15th from 4:00 pm—8:30 pm at the Brush Creek Pavilion in Eagle.

Art Rock Blaine is currently constructing an Art Rock climbing boulder at the entrance to the new Gypsum Rec. center donated to the town by Gerald and TGC. As is common, Blaine met with the design team and worked out design and criteria to meet their desire to have something the kids could climb on and around without damaging anything. Result is a rock 8' tall and approx. 6' around that will entertain kids for years to come. Blaine's enthusiasm and creativity have once again created a work of art that all employees and families of TGC can be proud to be associated with.

Recently completed as well Blaine constructed boulders integrated into the swimming pool of the Liniger res. in Castle Pines. When our competition was unable to rise to the challenge Blaine went in and created rock structures that went into the swimming pool which tied the existing rock cliff adjacent to the pool into the water itself. When completed even the competitors commented on how talented Blaine is when it comes to replicating the real thing. Thanks for all the hard work and creative solutions you provide Blaine!

Employee of the Month

August employee of the month. Juan Vega of Division 21. Juan was presented with the challenge of modifying 4 antique French fireplace surrounds at the Sunshine Ranch project, which included quite a bit of sculpting and a lot of improvisation regarding how to erect the surrounds. Juan's 12 years of experience with Gallegos Corp came in handy as he was able to use his creativity to erect an on-site fabrication shop to complete this difficult project. The design team was constantly changing the requirements for this work and Juan was able to quickly meet and exceed their expectations. Juan's vast experience in both the marble shop and in Division 21 allow him to be a true reflection of what we mean when we say "Building Solutions for Distinctive Projects". Congratulations Juan!

Baby Announcements

Congratulations on the arrival of
Eunice Cleare Colin
 Born to Salvador & Patricia Colin
 on June 6, 2006,
 weighing 8 lbs. 9 oz.

Merik Kelly Kuhn
 Born to Billy & Courtney Kuhn
 on June 10th, 2006,
 Weighing 7lbs. 4 oz.

STAR GRADUATE!

Bridget Peters, the daughter of Division 31's Blaine Peters and wife Colleen, recently graduated 4th in her class from Rifle High School, receiving six different scholarships for the college of her choice. Bridget played on the Varsity Softball team three out of four years, and was All Conference her Junior and Senior years.

Bridget will be attending the School of Mines in Golden, CO where she will study Chemical Engineering. Good luck, Bridget!

Wedding Announcements

CONGRATULATIONS!

Berniece & Frank
 Gutierrez
 Married on July 15, 2006

Julie & Ron

 August 26, 2006

SAFETY NEWS

ESL English as a Second Language

Colorado Mountain College CMC offers at no charge for individuals to learn a second language. CMC has seven levels of English studies at the Edwards Campus and three at the Glenwood campus. Each new student is prescreened to determine his or her class level. There are currently 475 ESL students enrolled at the CMC Edwards campus for the summer semester.

Here is a photo of Urbano Castaneda (Amigo) in class. Manual Ortiz and Juan Bacerra, Foreman for Division 20 have been enrolled in the ESL program for 3 years and both state that the program has made a positive impact with their job and community contribution. Our reading and writing skills have increased significantly and more importantly the communication we now have with the General Contractors is so much better.

The next semester starts August 28 and goes through December 15, 2006; there is an open house July 24, 2006 at the Edwards Campus for anyone that is interested. Learning a new language is a life long endeavor, though the endeavor is worth the success.

THANK YOU!

A special thanks to all those involved in management in both Div's 31 and 40 for picking up the extra work load in the last 3 months that have enabled me to spend time assisting the Denver Plaster Div.. I know there have been many long days spent covering the added challenges all have faced in order to get the work done. It is a blessing to be working with such a talented group.

Gary Woodworth, Division President

DIVISION 32 CHANGES

Scott Christensen has been moved into the role of Div. VP as part of the restructuring process. In addition Kevin Hughey has been moved to operations manager to handle all aspects of field operations. Scott and Kevin will provide a solid team that will improve leadership and management in the Denver plaster Division as part of the strategy to improve profitability and performance.

Habitat for Humanity

Division 22 recently participated in a Habitat for Humanity project where nationwide 7000 homes were built in 7 days. The emphasis for these homes were relief for Katrina victims. Denver masonry secured all the materials free of charge from our

vendors such as Threewit Cooper Cement Co., Robinson Brick Co. and Rio Grande Co. We then put our unit masonry crew on the job and installed 8000 brick, 62 lf of stone sills and heads, washed, demobilized and turned it over to the painters and landscapers

in two days. Gallegos employees on the job were Ric Maxson, Kent Maxson, Phil Bux, Jeff Nicholson, Clay Banks, Gary Clifford Sr., Carlos Calderon, Gabe Fairorth, Angel Ramirez, Luis Duran, Josh Dickerson, and family member employees Melanie Maxson, Daniel Maxson, and Gary Clifford Jr. Denver Masonry teamed up with K.Z. Smith and Co. general contractor and Keane Smith was even rumored to have helped out as a laborer. Special thanks goes out to Ric Maxson for spearheading our efforts and to Kent Maxson for putting in the mobilization and cleaning time necessary. A good job for a good cause.

Happy Birthday!

HEALTH TIP—Quick Hands On Stress Relief

1. **THE SCALP SOOTHER**—Place thumbs behind your ears & spread fingers on top of your head. Move your scalp back & forth slightly by making circles with your fingertips for 15-20 seconds.
2. **THE EYE EASER**—Close your eyes & place your ring fingers directly under your eyebrows, near the bridge of your nose. Slowly increase pressure for five seconds, then gently release. Repeat 2-3 times
3. **THE SHOULDER SAVER**—Place your left hand on the right side of your neck by your shoulder. Press fingers firmly into the muscle while tucking your chin in towards your chest. Example & hold for 10 seconds, release, then repeat on the left side.
4. **THE PALM PLEASER**—Lace your fingers together, leaving thumbs free. Slowly knead your left thumb into the palm of your right hand for 20-30 seconds. Then repeat on your left hand.

The Gallegos Gazette

VOLUME VI, ISSUE 4

JULY/AUGUST 2006

4th of July 2006

The Town of Minturn held their parade on Sunday, July 2nd and as always Gallegos was well represented. The parade was a big success. Kids enjoyed The Gallegos balloons along with the candy. A big thank you to all the volunteers.

Due to the fire ban Minturn did not have fireworks this year. Instead they had a candle lighting ceremony that survived the rain. Gallegos was happy to sponsor that ceremony.

A big thanks to Dacia Woodworth for designing our float and parade awards and for spending hours making sure both were perfect and ready for the events! Thanks to our guys in the shop for making the awards and driving our float!

The Town of Vail put on Vail America Days again this year and Gallegos was the proud sponsor of the 4th of July Parade that wound from Gold Peak to Lionshead.

The theme of the parade this year was "All American" and Gallegos entered a float celebrating the All American mountain sports of both the summer and winter seasons.

Kids enjoyed the red and blue balloons and the adults appreciated the cold bottled water handed out from the Gallegos tent.

Thanks to Mike Haller for organizing and orchestrating our efforts at the tent. Thanks also to all who helped with the balloons and the water.

THE Gallegos CORPORATION

Building Solutions for Distinctive Projects

The Gallegos Corporation's Mission

To finish each job completely with the highest quality and with safety "the first time."

Provide construction and construction management services of the highest professional standard.

Generate profit from these services while adding value to our customers & employees.

Continue to grow as the industry leader.
